

My story has a beginning, which of course you could tell.
It has twists and riddles, which are hard to make ring a bell.
I know that I like action, reading is my thing, and since the beginning to
now I've always liked to sing.

I grew up as a risk taker and I get that I'm kind a lot,
I do have some rough edges, But isn't that what everybody's got?

I love my family dearly, with all of my heart.

I have a sister and a brother
While my mom takes care of the lot.

So throughout my whole life, this is how it's been.

Now I turn this in,
So let the judging begin!
